

**REPORTING COMMITTEE – EXECUTIVE  
OTHER COMMITTEE –**

### **Event Fees - Series**

A submission from the Executive Committee

#### **PROPOSAL:**

1. When there is a final prize at the end of a series for which there were prizes for each event during the series, the series organisers will pay a fee to ISAF.
2. The fee shall be in addition to the fees paid by each event organiser during the series and shall be equal to the sum of the individual advertising fees of the events that are part of the series.

#### **CURRENT POSITION:**

Fees to ISAF are only required per event, where the event pays out the prize money. No fees are currently required from a promoter or marketer of a series of events even though there are major sponsors and overall prize money awarded based on an accumulated series of events.

#### **REASON:**

It is essential and the focus of the event fees paid to ISAF based on the Advertising Code that those who materially benefit from the work of ISAF that a fee be charged for the structure provided and to contribute to the administration of the sport of Sailing.
